

The Bloomfield Times

Tuesday, April 4, 1870.

LOCAL DEPARTMENT.

OUR TERMS

Are One Dollar a Year in Advance!

Persons who receive a paper with this article marked, may know that they should renew their subscription, if they wish to continue to receive The Times.

CORRESPONDENTS will please bear in mind that letters received after Saturday evening, or the down mail on Monday morning have to lay over until the following week.

This is the last week in which applications for license can be filed at the Prothonotary's office.

The Wells Tannery in Wells township, Fulton county, was entirely destroyed by fire on the 18th inst. The building was owned by Messrs. Lyon & McClure. Loss \$8,000; insurance \$4,000.

X If you want to find out the number of children in the town, let an organ grinder arrive. If the number of loafers is required, get up a dog fight or a game of quoits—only don't locate in front of our office.

X The Millerstown Zouave Band will visit this borough on Friday evening next, to give an entertainment. They will be accompanied by Mr. Silas Wright, with an elocutionary club; the proceeds to be appropriated to furnishing the band with new instruments. Entertainment to be held in the Academy.

X Highway Robbery.—On last Friday, Mr. William Kepner while passing along the Tuscarora Mountain, a mile or so from Ickesburg, in broad daylight was attacked by two Germans, who, with a club raised over his head compelled him to deliver his pocket-book, containing \$85. After obtaining this, they allowed him to proceed. In his over coat pocket he had \$35, which sum they did not obtain.

X Dog Suit.—At the dog suit in Spring township, last week, it was positively proved that a dog that sucked eggs at the neighbors' barns was worth \$5, and the Squire accordingly gave judgement for the plaintiff for the above sum and costs of suit. Mr. Zach. Rice, the defendant in the case, says the verdict makes him feel, like quoting a part of the 18th verse of the 23d chapter of Deuteronomy.

Robbery.—On the night of the 28th ult., the house of C. Thudium, near Oak Grove, was entered by burglars.

Mr. Thudium had a day or two previous to the robbery deposited quite a large sum in the Carlisle Bank, and it was probably this sum that the thieves were after, not knowing but what it was still on the premises. Chests were forced open with a large chisel, but all they succeeded in obtaining was \$20 in worthless money and two watches. It is presumed the burglars came from Carlisle.

X Mr. Amos Robinson, has during the last week placed a new stage on the route between this borough and Newport. The vehicle is quite neat in appearance and comfortable to ride in, and is really creditable to the builder, Mr. Samuel Smith of our borough.

We are glad to see this evidence of prosperity, for the line as conducted by the present obliging proprietor is a great accommodation to our citizens. In a few weeks it is the intention of Mr. Robinson to make an extra trip each day to connect with the fast line west, in the evening.

Meteorology.—The following is the record of the weather, for March, as furnished by B. McIntire, Esq., of this borough: 8 o'clock, a. m., mean temperature, 29 deg. 56 min.

Maximum temperature, 41 deg. 11 min. Minimum temperature, 23 deg. 38 min. Snow, 25 inches.

Rain, 1 inch eight-tenths.

The coldest day, Tuesday 18th, 5 deg. above zero.

The warmest day, Tuesday 22nd, 54 deg. above zero.

A Good Thing for Some One.—Some persons have proposed to form a Farmers' Association for the purpose of shipping produce and supplying the shareholders in return with Salt, Fish, &c. This will be a nice thing for the one who takes charge of the business, but whether the shareholders will ever profit by it, is very doubtful. About one year's experience, we think, will satisfy the farmers that their interests are as well protected by the present warehouse system, as it would be under the proposed plan.

Signs.—The following signs though so very ridiculous are firmly believed by many persons in the county:

Never roof a building when the sign is up or the shingles will all turn up in a short time; but if put on when the sign is down they will stay down.

Never set a fence when the sign is down or it will sink in the ground and rot the lower rails.

Sprinkle ashes on your cattle on Ash Wednesday, as it keeps them healthy.

Never begin any new work on Friday, as it is an unlucky day.

Plant your potatoes in the sign of the scales for a good crop.

When your bees swarm put them in a new hive and lay a little hog manure on top to keep them in.

Never use any part of a tree which the lightning has struck for firewood or building, or the lightning might strike your house.

Depend on the ground-hog as a weather prognosticator.

Take the Bible for your guide, and let all other books and newspapers alone, or they will lead you astray.

Did not so many persons faithfully carry out the instructions contained in the last clause of the preceding paragraph, fewer persons would be foolish enough to be influenced by these signs.

What we like to see.—We like to see young ladies who are bitter enemies kiss each other very affectionately, when they meet! It reminds us of a man named Judas, who lived several years ago! We like to see a fashionable-dressed lady promenading the streets wearing a dress trailing a yard behind her in the mud—it cleans the streets so nicely! We like to see a young man very polite and obliging to other young ladies, while he is scarcely civil to his sister at home—it proves that the lords of creation are devoid of deception. We like to see a man invariably throw a newspaper, boots and hat in the middle of the floor, for his tired wife to pick up—it is evident that he remembers his promise to 'cherish her'! We like to see young ladies keep their jaws in constant motion, endeavoring to masticate a huge ball of chewing gum—it looks so lady-like. We like to see a man sporting fast horses, while he owes the printer, and gives nothing to the minister—it looks honorable! We like to see a man loaf around a tavern, while his wife struggles to keep hunger away from the little ones! It shows he believes in women's rights.

Narrow Escape.—On the 24th ult., the Pacific Express on the Pennsylvania railroad, made a narrow escape from being precipitated down an almost perpendicular bank into a deep mountain ravine, near Kittanning Point. A rock had slid down and lodged on the track on which the train was ascending the mountain. A little boy by the name of Kehoe, under ten years of age, discovered it and by some means got hold of a rag and by persistently signaling the approaching train stopped it. The noble conduct of the little boy, no doubt, saved many lives and limbs, and a most destructive smash up of the train. He should be gratefully remembered by all for his gallant conduct.

As a Lady, the wife of a respectable citizen of this place, was returning from a sale in the country, on Tuesday evening, about sunset, neared the fair ground, she was attacked by a negro, who knocked her down, breaking one of her fingers and otherwise injuring her and attempted to commit an outrage on her person. Before he had time to accomplish his hellish design, Mr. Park Henderson and a colored man, who were near by, hearing her cries, came to her assistance. The negro ran, but was finally captured near Henderson's mill, and taken to jail. He gave his name as John Myers. Twenty years in the penitentiary is too mild a punishment for a demon of this kind.—*Carlisle Herald.*

A Singular Case.—The Harrisburg *Daily Tele* says: there is a rather singular case in this city, which should claim the attention of our medical men. We are informed upon good authority, that there is a man now lying ill here who on last Friday evening was discovered to be in an unconscious state. This condition has continued ever since. Whether it is the result of some narcotic or other agent, we do not know. We only state the fact that he has been in a comatose condition for nearly six days, taking but little nourishment, and, as far as we can learn, getting neither better nor worse. What is the cause of all this?

Church Notices.

In the Presbyterian Church prayer meeting on Wednesday evening. Preaching on Sunday morning, at 10½ o'clock.

In the Reformed Church, prayer-meeting on Thursday evening; preaching at 2½ p. m. on Sunday next.

In the Methodist church, prayer-meeting Thursday evening. Preaching Sunday morning at 10½ o'clock, by Rev. G. W. Bouse.

In the Lutheran Church prayer meeting on Wednesday evening; preaching next Sabbath at 2½ p. m.

Fashions.—The newest style for dressing the hair is called "the Cleopatra." The hair is brushed high off the forehead and braided low in the neck, surmounted by a large imitation snake, which is coiled around the head.

X The New York Mail says that the new fashioned parasols are so large that only one lady can pass under an awning on Broadway at a time. They have the appearance of perambulating sky lights.

A few Sundays since, as two Milesians, recent arrivals, were standing at the Fairmount Waterworks in Philadelphia, looking at the large water wheels splashing the water in all directions, they became much interested, and one of them said, "Mike, aren't this a queer country, where they have to grind their water before they can use it?"

The Best in Use.—The Parham Sewing Machine is the most simple, the most complete, works with less noise and will be found the best machine in use. They may be seen at the store of James L. Diven in Landisburg, or of F. Mortimer & Co., Bloomfield. Every person who thinks of purchasing a sewing machine, should not fail to examine The Parham Machine.

Large Receipts.—By a report of the receipt for premiums of nine of the principal Insurance companies, in Hartford, Connecticut, we see that the receipts of the Aetna are nearly equal to all the other eight put together, thus showing how popular that company is. Lewis Potter, of this borough, is their agent, and if in want of insurance for any kind of property, call on him for a policy in the Aetna Insurance Co., of Hartford.

THE AMERICAN NEWSPAPER DIRECTORY, published by G. P. Rowell & Co., Advertising Agents, No. 40 Park Row, New York, contains a full and complete statement of all facts about newspapers which an advertiser desires to know. The subscription price is five dollars.

Special Correspondence of THE TIMES.

HARRISBURG, April 2, 1870.

Mr. Editor—The doings of another week of legislation is to be recorded, and I must confess that I cannot conscientiously renew the charge I formerly made against, both Houses, that of tardiness. Everything, now, seems activity and "Presto Change!" Whatever bills could not succeed before for want of time, now slide through with the rapidity of lightning. The Senate seems to have found a "mare's nest" in the Appropriation Bill and ask for a conference committee. In the House, your member, Milliken, read in place and had passed a bill removing the Harrisburg Stock Yard from this place to Perdic in your (Perry county.) The Border Raid Bill was disposed of for this session at least by a motion to indefinitely postpone which carried almost unanimously—sixteen voting nay. Capt. G. W. Skinner Franklin, made an eloquent and powerful speech in favor of the passage of the bill. He was highly complimented by all his friends who were present. An amendment to the present registry law, granting colored persons privilege to register the same as white voters was passed. An act to incorporate the Juniata Valley Fire Insurance Company passed the House unanimously. I understand several prominent citizens of Perry are among the incorporators. To-day a national salute was fired from Capital Hill for the purpose of announcing to the good people of this State that the fifteenth amendment to the National Constitution has become a realized fact. Quite a number of the newly made citizens honored the occasion with their presence and seemed to enjoy it hugely. PHIL.
